

# Community & Student Engagement Ratings (Elementary)

## Overall Performance Calculations

1. Each campus earns a rating (Exemplary, Recognized, Acceptable, Unacceptable) on each of the individual factors 1 through 8.
2. Each rating has a corresponding point value (Table 1).
3. The points are added together for a total of 0-24 (Table 2).
4. The total points determine the overall performance rating for the campus (Table 3).
