STUDENT IN FOSTER CARE EDUCATIONAL BEST-INTEREST FACTORS

A student in foster care may remain at his or her school of origin unless the Department of Family and Protective Services (DFPS) makes a determination that it is not in the child's best interest. "School of origin" is defined as the school that the student is attending at the time of the student's placement in foster care or of a change in placement. This form provides information that will help the DFPS to determine whether it is in the best interest of a student in foster care to remain in the school of origin when there is an initial placement in foster care or a change in residential placement and to evaluate what is best for the student's education.

This form should be completed by representatives from the student's school of origin who are knowledgeable about the student and are able to provide feedback on how changing schools would impact the student's academic, social, and emotional well-being; significant relationships that the student may have formed with staff and peers; and other factors. These individuals could include the student's teacher, counselor, coach, foster care liaison, or other meaningful person in the student's life. Each District representative should complete a separate form.

Completed forms should be provided to the District foster care liaison, who will share the form with the student's education decision-maker and caseworker.

INDIVIDUAL TRANSPORTATION PLAN TEMPLATE FOR STUDENT IN FOSTER CARE

[For additional guidance, see TEA's Foster Care and Student Success website at <http://tea.texas.gov/FosterCareStudentSuccess/> and the U.S. Department of Education and Health and Human Services' *Non-Regulatory Guidance: Ensuring Educational Stability for Children in Foster Care* at <http://www2.ed.gov/policy/elsec/leg/essa/edhhsfostercarenonregulatorguide.pdf>.]

Based on the determination that it is in the student's best interest to remain in the school of origin, this plan addresses how transportation to the school of origin will be provided, arranged, and funded. The goal of this plan is to allow the student to remain in the school of origin without interruption.

In developing this transportation plan, participants evaluated student safety, cost effectiveness, reliability, and time and distance of the commute. Efforts were made to avoid or mitigate any additional costs.

### **Additional Costs of Transportation**

*(Note: Additional costs reflect the difference between what the District would spend to transport a student to the assigned school and the cost of transporting a student in foster care to his or her school of origin. In accordance with the federal Non-Regulatory Guidance, if the District is able to provide transportation through an established bus route, there are no additional costs. If the District will reroute buses or provide transportation through a private vehicle or transportation company, the District may consider as additional costs the cost of rerouting buses or the difference between the special transportation costs and the usual transportation costs.)*

As a comparison for determining whether additional costs will be incurred in transporting the student to the school of origin, the cost of transporting the student to the school that the student would otherwise attend is estimated to be: \_\_\_\_\_
